1. Called to Order: 7:07 PM, meeting recording started

2. Discuss and possible action to approve joining the Wisconsin Officials Association Alliance:

- Justin Haupt/Cade Murray presented the opportunity for the CWOA to join the Wisconsin Officials Association Alliance (WOAA)
- Mission: Provide unified message and training resources for basketball and football officials in Wisconsin
- Rich Olson asked about possibility of other sports being integrated in the future – it is a possibility, but nothing currently in the works
- Benefits of joining WOAA:
 - Access to WOAA Hudl account for Football, Boys Basketball, Girls Basketball (approx. \$1800 value, \$900 for first sport and \$450 for each after)
 - Access to member only weekly training videos, quizzes and other WOAA training material
- Financial Implications
 - WOAA total expenses \$4,150 for 2023-2024
 - **\$1,037.50** cost for the CWOA to join the WOAA for 2023-2024 school year (it is possible that next year fee structure changes and we will need to account for that)
 - Currently the cost for football Hudl access only is \$900
 - It was noted multiple times that a few more registrations for the CWOA covers the difference in those costs and we get much more value/resources out of joining the WOAA

CENTRAL WISCONSIN OFFICIALS ASSOCIATION

- Clarified that CWOA members are not becoming WOAA members. CWOA members still pay dues to the CWOA and are CWOA members. The CWOA as an organization is joining the WOAA, which is an alliance of multiple officials associations that are now pooling financial resources for Hudl access and unified training materials.
- Joshua Kahle discussed using WOAA membership as a recruiting tool and reaching out to officials in our geographic footprint
- Cade Murray answered questions about Hudl from CWOA members, demoed WOAA Hudl account and shared tipsheet for WOAA Hudl workflow:
